FAZAL-E-RABBI

SENIOR FULL-STACK ENGINEER

TechStack:

Languages & Frameworks: Node.js, TypeScript, PHP, Laravel, Symfony, NestJS, Next.js, React.js, Angular

DevOps & Cloud: AWS, Google Cloud, CI/CD, Docker, RabbitMQ, Redis

Databases: PostgreSQL, MySQL

Testing & Tools: Unit/API Testing, NewRelic, GitHub Actions, Agile/Scrum

Short Resume:

Position: Senior Full-Stack Engineer with 10+ years of experience building scalable applications for fintech, healthcare, and cloud platforms.

Skills: Proficient in modern JavaScript and PHP frameworks, microservices architecture, cloud infrastructure (AWS/GCP), DevOps automation, and Agile leadership.

Experience: Currently leading full-stack engineering at Adeva (USA) and previously at Cloudways and Ciklum. Designed and deployed robust solutions using Node.js, NestJS, Laravel, React, and CI/CD pipelines.

Motivation: He is drawn to Germany's vibrant tech ecosystem and the opportunity to contribute within a globally connected environment. Beyond career growth, Fazal & his wife are focused on providing their two children with a secure future in a country known for its strong education system, safety, and family-friendly values.
